WHAT IS AIME?

AIME believes in the power of mentoring to overcome some of the biggest challenges of our time. We connect Indigenous high school students with uni student Mentors in a dynamic educational program that has proven to dramatically improve the chances of Indigenous children finishing school. It’s like what the Australian Institute of Sport is for athletes; AIME is for Indigenous kids. We create a culture where for every step you take forward in life, you throw your hand back and bring someone with you.

We believe that Indigenous = success.

* Percentage of students who attained ATAR scores that would gain them university entrance. See our Annual Report at the AIME website for more info.

TESTIMONIALS

“AIME is my favourite part of high school! I had the worst first years in high school and AIME made everything better. I have more motivation and confidence in my work thanks to all of you.” - Kahli Coolwell, Mentee, Beerwah State High School

"Since coming to university, AIME has been one of the most influential extra-curricular programs I have done.” - Tawands Biti, Mentor, Bond University

“I really wanted to get involved with the Indigenous community and work towards reducing existing inequalities between Indigenous and non-Indigenous communities. I’m studying medicine but education is something I really wanted to be involved in.” - Swetha Prabhakaran, Mentor, Monash University

“AIME demystifies uni.” – Leanne Jamieson, Teacher, Marrickville High School

“I could not feel more proud of any initiative or project with which I have an association. It is a dream becoming reality.” - Her Excellency Professor Marie Bashir AC CVO, Governor of New South Wales, Chancellor of the University of Sydney

IMPACT OF AIME TO DATE

• AIME started in 2005 with 25 Mentors and 25 Mentees. In 2013, AIME is connecting over 2,000 Mentees and over 1,000 Mentors across 24 university sites in five states.

• AIME’s unique brand of mentoring is recognised as best practice nationally; the AIME program was featured on ABC’s Australian Story in May 2012 and was mentioned as a best practice model in the Gonski Review. 2013 marks the fourth year running that AIME students have finished school at almost the same rate as every Australian child.

GOALS FOR 2016

• AIME will annually engage 6000 Indigenous students and 2000 university Mentors at 20 university sites across Australia.

• AIME students will complete high school at the same rate as all Australian students.

• Of the AIME students who complete Year 12, 100% will transition to further education, training or employment.

• For our Mentors, AIME will be the best graduate development program in Australia.
